

Balfour Pink Fizz brings together two things at the heart of our business: sparkling rosé and innovation.

Balfour Pink Fizz is grown and curated on Hush Heath Estate, the home of Balfour wines, and is made with the same precision and care as all our wines.

To make sure Balfour Pink Fizz reflects this precision, we have used the latest technological advances in canning to deliver a truly exceptional sparkling wine.

The result is a wonderfully balanced wine that combines fresh red fruit and fizz. It is a wine we're proud to put our name to.

A serious wine. But fun!
